Results-Driven IT Professional | Expert in Database Management | Strategic Leader

Driven by a relentless pursuit of excellence, I am an accomplished IT professional with a proven track record of delivering high-impact projects and driving organizational success. With expertise in database management, technical innovation, and strategic leadership, I am dedicated to propelling businesses to new heights of efficiency and profitability.

KEY SKILLS:

- Proficient in
 - **Backend:** C#, .NET Core, Entity Framework Core.
 - **Database:** SQL Server, PostgreSQL, MySQL.
 - **Frontend:** HTML, CSS, JavaScript, Angular, Blazor, Bootstrap, and more.
- Strategic Leadership
- Continuous Learning

KEY ACHIEVEMENTS:

- Spearheaded the successful development and implementation of multiple projects, including Zikomo Back Office, Exclusive Deals, and FlightBit, resulting in increased operational efficiency and revenue growth.
- Led the FlightBit project as the sole developer, overseeing its end-to-end development and ensuring its successful delivery on time and within budget.
- Implemented industry best practices and modern development standards, resulting in a significant reduction in operating costs and improved functionality of legacy systems.
- Recognized for consistently exceeding project expectations and driving business growth through innovative solutions and strategic leadership.

I thrive in dynamic environments where innovation is embraced, challenges are welcomed, and success is celebrated. Let's collaborate to turn vision into reality and make a lasting impact in the world of technology.

PROFESSIONAL EXPERIENCE

Zikomo Solutions Ltd | Software Developer | Nov 2022 – Present

As a pivotal member of the Zikomo Solutions team, I've been instrumental in delivering high-impact projects such as Zikomo Back Office, Exclusive Deals, and FlightBit. Leveraging cutting-edge technologies like .NET Core and Blazor Server, I played a crucial role in both Frontend and Backend development, ensuring seamless user experiences and robust functionalities.

KEY CONTRIBUTIONS:

- Spearheaded the development of multiple projects, including Zikomo Back Office, Exclusive Deals, and FlightBit, demonstrating proficiency in .NET Core and Blazor Server.
- Played a vital role in frontend and backend development, seamlessly integrating user interfaces with powerful backend systems.
- Specialized in backend development, with a strong focus on crafting efficient and scalable Web APIs to support diverse business needs.
- Currently leading the FlightBit project as the sole developer, overseeing its end-to-end development and ensuring its successful delivery.
- My dedication to excellence and passion for innovation have consistently driven project success, earning recognition for delivering solutions that exceed expectations and drive business growth.

OptByte Software Solutions Pvt. Ltd. | Software Engineer | Feb 2022 – Nov 2022

Orchestrated pivotal contributions to OLobby, a sophisticated office management system, leveraging .NET Core Web API, PostgreSQL, and Angular technologies to deliver a seamless user experience.

KEY RESPONSIBILITIES:

- Translated intricate business requirements into scalable technical solutions, driving the development of OLobby's core functionalities and features.
- Collaborated closely with cross-functional teams to ensure alignment between project objectives and technical implementation, fostering a collaborative environment conducive to innovation.
- Designed and developed robust web APIs, meticulously testing and refining functionality to meet stringent performance and reliability standards.
- Employed advanced SQL expertise to architect complex database structures and optimize data retrieval processes, ensuring seamless integration and data integrity within OLobby's framework.
- Spearheaded the development of responsive and intuitive user interfaces using Angular, enhancing usability and driving user adoption.

- Championed the adoption of industry best practices and modern development standards, contributing to the continuous improvement of OLobby's codebase and development processes.
- Actively engaged with stakeholders to gather feedback and refine project requirements, driving iterative enhancements and ensuring alignment with evolving business needs.

CERTIFICATIONS

Diploma In Software Development in December 2020 – November 2021 by ITT-Council, Delhi

ACHIEVEMENTS

Winner of Go Code in Go

Awarded first place in the prestigious Go Code in Go competition organized by Dr. Babasaheb Ambedkar Marathwada University in 2019.

EDUCATION

Master of Computer Application (MCA)

MGM's Jawaharlal Nehru Engineering College, Aurangabad, Maharashtra

- Graduated with distinction, achieving an impressive 79% GPA

Bachelor of Computer Science (BCS)

Maulana Azad College of Arts Science and Commerce, Aurangabad, Maharashtra

- Graduated with a solid foundation, attaining a commendable 71% GPA

DECLARATION

I hereby declare that the above-mentioned information is true to the best of my knowledge and belief. I am confident in my abilities to contribute effectively to your organization and look forward to the opportunity to further discuss how my skills and experiences align with your needs.
